

October 26, 2024

Dear DSB UAT Users,

The DSB UAT Extended Weekend Maintenance for the FIX service has been completed. The DSB UAT FIX service is now accessible.

Please reach out to the DSB Technical Support team if you experience any issues.

Regards,

DSB Technical Support

26th October 2024

**NOTIFICATION: DSB UAT Extended
Weekend Maintenance Schedule for FIX Service
on 26th October 2024**

Audience: All DSB UAT users

Notification details:

The purpose of this notification is to inform DSB users that the DSB UAT FIX service will have an extended maintenance today, 26th October 2024 from 12:30:00 PM UTC to 4:30:00 PM UTC. This extended maintenance period is required to complete the planned deployments which have taken longer than expected.

Impact to users:

The DSB UAT FIX service will be unavailable for an additional period of 4 hours.

Action Required:

DSB UAT FIX users will need to ensure that they do not attempt to reconnect to the FIX service until after 4:30:00 PM UTC today, 26th October 2024.

Regards,
DSB Technical Support Team
